Re: Ex Parte Notice; WC Docket Nos. 06-125 and 06-147

Dear Ms. Dortch:

Pursuant to Section 1.1206 of the Commission's rules, COMPTEL hereby gives notice that, on September 5, 2007, its representative met with Daniel Gonzalez, FCC Chief of Staff, with regard to the above-referenced proceedings.

In this meeting, COMPTEL explained that the petitions in the above-captioned dockets should be denied for vagueness, lack of sufficient evidentiary support, and other infirmities. COMPTEL noted that the evidentiary record established by the petitioners is limited to data regarding interstate interexchange markets. Therefore, the petitions do not justify relief beyond that which the Commission provided in its *Report and Order*, released August 31, 2007, concerning the provision of in-region long distance services by Bell Operating Companies.<sup>1</sup> The Commission should therefore dismiss the petitions as moot with regard to the interstate interexchange services covered by that *Report and Order*, and deny the petition as to any other relief sought by the petitioners. Representing COMPTEL was the undersigned attorney.
